

## CONCLUSION

NVAO concludes regarding the programme

### BREVET DE TECHNICIEN SUPÉRIEUR 'INFORMATIQUE'

offered by

Lycée des Arts et Métiers Luxembourg

The quality of the programme can be demonstrated in a verifiable manner based on the assessment ground. For each of the assessment areas, the programme has met the underlying assessment criteria.

This programme consists of 120 ECTS credits offered in Luxembourg City (Luxembourg).

NVAO comes to this conclusion based on the findings by the assessment panel appointed by NVAO to conduct the assessment of the programme. The assessment report prepared by the panel forms an integral part of this conclusion.

NVAO hereby advises the Minister of Research and Higher Education of Luxembourg to take a positive (re-)accreditation decision.
