

**NVAO**  
CONFIDENCE IN QUALITY

## CONCLUSION

NVAO concludes regarding the programme

**BREVET DE TECHNICIEN SUPÉRIEUR GESTIONNAIRE  
COMMERCIAL ET ADMINISTRATIF  
– FORMATION EN ALTERNANCE**

offered by

**Lycée du Nord**

With respect to well-defined aspects of the assessment ground, the quality of the programme cannot be demonstrated in a verifiable manner. One assessment area has shortcomings.

This programme consists of 120 ECTS credits offered in Wiltz (Luxembourg).

NVAO comes to this conclusion based on the findings by the assessment panel appointed by NVAO to conduct the assessment of the programme. The assessment report prepared by the panel forms an integral part of this conclusion.

NVAO hereby advises the Minister of Research and Higher Education of Luxembourg to take a positive (re-)accreditation decision.

The Hague, 25 March 2026

Wouter Duyck, Vice Chair

# CONCLUSION

The quality of the programme cannot be demonstrated in a verifiable manner for assessment area 1 'Aims and objectives of the study programme'. For the identified shortcoming in this assessment area the corresponding condition will have to be met and remedied within one year:

- Assessment area 1: ensure that curriculum design, teaching methodology, assessment methods, and student support clearly demonstrate how the programme enables students to progress from qualification level 4 (at enrolment) to EQF level 5 (at graduation) and ensure that this constructive alignment is shared with and understood by all stakeholders (students, teachers, and partner companies).

Overall, the panel concludes that the quality of the programme has been demonstrated in a verifiable manner for the assessment areas 2 'Admission, evaluation and certification', 3 'Implementation of the programme' and 4 'Quality assurance measures'.
